Current Date: 10-Oct-2024

TE Connectivity

Product Change Notification: P-24-026996

PCN Date: 07-OCT-24

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
Fortis Zd

Description of Changes
TE Connectivity is approving manufacturing location change for the raw material supplier of Fortis contacts. This is a supplier process change only, the material composition and specifications remain the same, there are no part or material changes and no form, fit or function change.

Reason for Changes:
To keep pace with market growth in the profiled strip product segment, supplier is transferring manufacturing of its metal strip to a new facility. Metal strip will require a certificate of conformance upon first time run and supplier will continue to follow standard inspections for plating composition, thickness measurement and plating adhesion. There will be no change to the TE Products affecting form, fit, function or performance and no part number changes resulting from this process change.
