

## 1. Identification

### Product identifier

Product name : TPU-95A filament

### Details of the supplier of the safety data sheet

Premier Farnell  
150 Armley Road  
Leeds LS12 2QQ  
Tel. : +44 (0) 8701 202530

### Emergency telephone number

+44 1865 407333

## 2. Composition

Chemical Character : Epsilon-caprolactone(CAS NO.: 502-44-3)  
Viscosity-average molecular weight : 60000

## 3. Hazards Identification

Hazard designation : XI  
Hazard designation : IV  
Information pertaining to particular dangers for man and environment : Long-term exposure can make skin dry, chapped, induced dermatitis.  
There are less harmful to the environment, air, water, environment and water pollution.  
Deflagration hazard : It can burn.

## 4. First aid measures

After skin contact : Instantly wash with plenty of soap and water thoroughly.  
After eye contact : Flush eyes with flowing water, then consult doctor.  
After inhalation : Supply fresh air. If required, provide artificial respiration. Keep patient warm.  
Consult doctor if symptoms persist.  
After swallowing : Seek immediate medical advice.

## 5. Fire-fighting measures

Suitable extinguishing agents : CO<sub>2</sub>, extinguishing powder or water jet. Fight larger fires with water jet or alcohol-resistant foam.  
Can be released in case of fire : Carbon monoxide and carbon dioxide.  
Protective equipment : Wear self-contained breathing apparatus.  
Wear full protective suit.

## 6. Accidental Release Measures/ Steps to be taken if

### Material is Released or Spilled

Personal Precautions : None needed  
Environmental precautions : None needed  
Methods for Cleanup : Vacuum or sweep up and place in a standard disposal container. Avoid the use of air jets.

## 7. Handling and Storage

|   |   |
|---|---|
| Safe Handling                           | : Keep containers tightly sealed.   |
| Storage                                 | : Store in cool, dry place in tightly closed containers.<br>Ensure good ventilation/exhaustion at the workplace.<br>Stay away from oxidizing agent. |
| Protection against explosions and fires | : Keep ignition sources away. No smoke.   |
| Requirement on storeroom and container  | : No special requirement.   |

## 8. Exposure Control Measures/ Personal protection

|   |  |
|---|--|
| Exposure Guidelines                           | : Fiber dust should be considered a nuisance dust, i.e. particulates (not otherwise classified): ACGIH Threshold Limit Value: 10mg/m <sup>3</sup> total dust; 3-mg/m <sup>3</sup> respirable dust. |
| Engineering Controls                          | : Local exhaust recommended to reduce exposure to fiber dust.  |
| <b>Specific Personal Protective Equipment</b> |  |
| Respiratory                                   | : For operations where inhalation exposure can occur, a NIOSH approved dust mask/respirator is recommended.  |
| Eye   | : For operation where eye contact can occur, eye protection such as goggles or safety glasses is recommended.  |

## 9. Physical and Chemical Properties

### General Information

|       |                   |
|-------|-------------------|
| Form  | : Solid           |
| Smell | : Not determined. |

### Change in condition

|                           |                         |
|---------------------------|-------------------------|
| Melting point             | : 176°C                 |
| Ignition temperature      | : Not determined        |
| Decomposition Temperature | : 252°C                 |
| Danger of explosion       | : Not determined        |
| Vapor pressure            | : Not determined        |
| Density at 25°C           | : 1.21g/cm <sup>3</sup> |
| Solubility (Water)        | : Not determined        |

## 10. Stability and Reactivity

|                                     |  |
|-------------------------------------|--|
| Thermal decomposition to be avoided | : No decomposition if used and stored according to specifications. |
| Materials to be avoided             | : Oxidizing agent.   |
| Dangerous reactions                 | : No dangerous reactions known.                                    |
| Dangerous products of decomposition | : Carbon monoxide and carbon dioxide.                              |

## 11. Toxicological Information

### Acute toxicity

|   |   |
|---|---|
| LD/LC50 values that are relevant for classification | : Oral LD50 4290mg/kg(rat)<br>Dermal LD50 5990uL/kg(rabbit) |
| Primary irritant effect                             | : Irritant for skin and mucous membranes.                   |
| On skin   | : Irritant effect.  |
| On eye  | : No sensitizing effect known.                              |

# Safety Data Sheet

**multicomp**PRO

## Additional information

: To the best of our knowledge the acute and chronic toxicity of this substance is not fully known. No classification date on carcinogenic properties of this material is available from the EPA IAPV NTP OSHA or ACGIH.

## 12. Ecological Information

Water hazard class 1(self assessment) : Slightly hazardous for water.

Do not allow undiluted product or large quantities of it to reach ground water, water bodies or sewage system.

Do not allow material to be released to the environment without proper governmental permits.

## 13. Disposal Considerations

### Product:

Dispose of in a manner consistent with federal, state, and local regulations. Hand over to disposers of hazardous waste. Must be specially treated under adherence to official regulations.

### Uncleaned package:

Disposal must be made according to official regulations.

## 14. Transport Information

No dangerous according to ADR/RID GGVS/GGVE IMDG/RID ICAO-TI.

## 15. Regulatory Information

### International:

Canada :DSL/NDL: Included on the Canadian Domestic Substance List.

Canada: WHMIS: Not a controlled product.

Europe: Not classified as dangerous according to Directive 1999/45/EC.

UN: Does not appear on the Dangerous Goods List.

### Federal(U.S.):

EPA: Not regulated.

OSHA: Not hazardous under the criteria of Occupational Safety and Health Standard 29 CFR 1910 Subpart Z.

### State:

CA: Proposition 65: Does not contain chemicals known to the State of California to cause cancer or reproductive toxicity.

## 16. Other Information

Employers should use this information only as a supplement to other information gathered by them and should make independent judgement of suitability of this information to ensure proper use and protect the health and safety of the employees.
