## Product Change Notice (PCN)

October 30<sup>th</sup>, 2024

**LFPCN# 41538**

### Product Change Notification for SM10 Surface Mount Varistor Series

To whom it may concern:

Littelfuse would like to notify you that a new automated production line will be added for SM10 production and the solder paste inside the SM10 products will be upgraded to higher temperature. Please refer to the following table for the change summary.

Item	Description	Current SM10	Future SM10
1	Solder paste	Normal temperature solder paste (Sn99.3Cu0.7)	High temperature solder paste (Sn90Sb10)
2	Production line	1. Semi-auto line with Stamping/Molding/Trimming outsourcing	1. Semi-auto line with Stamping/Molding/Trimming outsourcing. 2. New automated line with Stamping/Molding/Trimming in-house.

This change will be implemented from Feb 1<sup>st</sup>, 2025. During the change transition period, customers are expected to receive current and new products until current product inventory in Littelfuse warehouses and distribution channels are depleted.

This change does not affect product form, fit and function. Please respond to us by November 30<sup>th</sup>, 2024 to acknowledge this product change notification. If we do not hear from you, we will expect this product change notification has been accepted and no further action is required. Thank you.

Best Regards,

Amy Chu  
Global Product Manager  
Littelfuse, Inc.
