RE: LFPCN41519 - Littelfuse TVS STD Axial Leaded DO-41, DO-15 and DO-201 packages additional Assy site approval

To: Our Valued Customers

To further strengthen the security and continuity of supply for our customers, Littelfuse will be adding a new assembly and test site for Axial Leaded DO-41, DO-15 and DO-201 packages including Series below list.

Affected Packages	Affected Series
DO-41	P4KE
DO-15	P6KE
DO-15	SA
DO-15	SAC
DO-201	1.5KE
DO-201	LCE

The electrical performance of the affected Series will remain within existing datasheet specifications. There will be no change to the form, fit, function of the products.

All affected products have been fully qualified in accordance with established performance and reliability criteria. Please refer to the attached affected parts list and documentation for qualification result. Samples and qualification data are available upon request.

Form, fit, function changes: None

Part number changes: None Effective date: July 23, 2025 Replacement products: N/A

Last time buy: N/A

This notification is for your information and acknowledgement. If you have any other questions or concerns, please contact your local sales team or product team below for further assistance.

We highly value your business and look forward to assisting you whenever possible.

Sincerely,
