2. Description of News			
The mentioned parts will be relocated to Romania for series production.			
3. Implementation			
<p>With this production location change, the country of origin will change from DE to RO and the packaging marking will be changed to “Made in Romania” accordingly.</p> <p>First parts from Romanian production are expected to be shipped out from March 2025 onwards. Please consider that within the first period mixed shipments are possible.</p>			
4. Datasheet			
For updated specifications and drawings, please check the eCatalogue.
