

# Double Sided Polyethylene Foam Tape

**multicomp**PRO

**RoHS  
Compliant**

## Description

A very strong high density closed cell polyethylene foam, coated on both sides with a very high performance cross linked rubber adhesive, and protected by a siliconized release liner.

## Benefits

- Good gap-filling between slightly uneven materials
- Very high adhesion to most common materials
- Good tack copes well with difficult surfaces and conditions
- High shear and foam strength for mounting and holding
- Good long term ageing and resistance to water
- Outstandingly reliable general purpose product

## Production Advantages

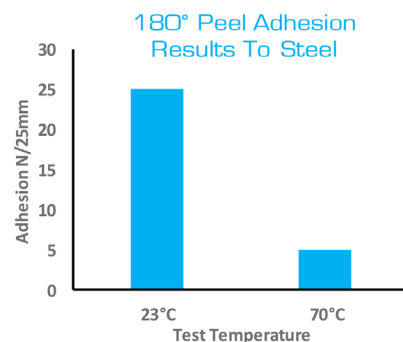

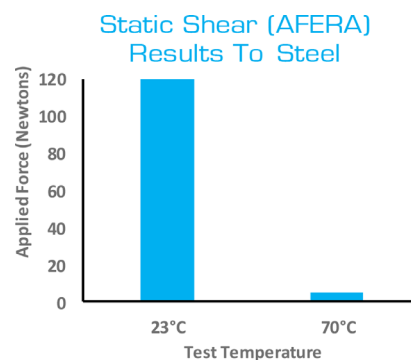

- Clean and simple to use
- Quick and efficient application
- Consistent adhesive coating thickness
- Consistent adhesion performance
- Instant adhesion
- No hazardous fumes
- No drying or curing times
- Ready for the next part of application process
- No contamination of other surfaces.

## Limitations

Limited resistance to solvents, plasticisers, UV light and high temperatures.

## Specification

Thickness : 0.8 mm  
Temperature Range : -40°C to +60°C

## Part Number Table

Description	Part Number
Double Sided Polyethylene Foam Pads, White, 0.8mm × 25mm × 12mm	PHSHTWXP0.8XX25XX12
