TE Connectivity

Product Change Notification: P-25-028509

PCN Date: 18-JUL-25

Customer: Premier Farnell UK Ltd (PFUK) (101113)

Location: Leeds

Agreement: Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

Adhesive precoat /97 reformulation including CES Cable Entry Seals

Description of Changes

Dear Valued Customer, This notice informs you that due to an enforced change by a vendor to a raw material, TE Connectivity is reformulating our S1297 adhesive tape and /97 adhesive pre-coat for heat-shrink molded shapes. TE Connectivity manufactures S1297 adhesive tape and /97 pre-coat adhesive from a compound material designed by TE Connectivity using raw materials sourced from external vendors. This reformulation change will follow our defined change procedure to maintain safety, quality, compliance, and to maintain the same or improved form, fit, and function.

Other attachments:

[PCN letter for S1297 and /97 adhesive reformulation](#)

Reason for Changes:

Product improvement. There will be increased lead times on impacted products. TE is committed to resolving this as soon as possible. For assistance with alternative products, please contact our Product Management team. We understand this product reformulation and requalification may impact your operations, and we appreciate your understanding. We are committed to providing you with alternative solutions and support during this time. Sincerely, The TE Connectivity Team
