Location: Leeds

Agreement: Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
TE Connectivity AS85049 Backshells

Description of Changes
The discontinue and re-qualification of AS85049 backshell product.

Reason for Changes:
Part status change. TE has plans to requalify its AS85049 product offerings (only P/N's listed in the PCN) under new part numbers. To avoid confusion, the current product offering will be obsolete to ensure clarity with NAVAIR. At this time, TE intends to review and relaunch the product line in the near future. Once re-qualified, notice will be passed to sales to further liaise the information to the customer. We have an alternative standard product line that can serve as an interim solution. Please reach out for additional details and part numbers.
