Safe Use Instructions of DEHP contained products

We greatly appreciate your continuous patronage on us.

Concerning the above matter, we would like to inform you as the following note.

1. Corresponded item

Please refer to the appendix product list.

2. Safety instructions

DEHP is used in the chloroprene rubber components, or the polyvinyl chloride tube which constructs the listed products. To avoid any harm in use these components, please refer and follow the instructions below.

- Wash your hands after touching the indicated components
- Use gloves or finger cot in case of frequent contact
- Do not put in to your mouth or swallow
- In case of smoke or fire happens with the machine you use do not inhale the vapors
- In case you feel unwell or any kind of health problems, seek medical advice immediately

Thank you,

Satoshi Mori
