Designed for:

- *Data storage*; use all your data, like business information, digital photos, videos, MP3s and withstand bouncing around in handbags, cars etc.
- *File sharing*; share all your important data between computers and networks
- *Backup*; protect all your data against calamity, human errors and viruses
- *Archiving*; archive all your data and lock up drive for extra data security
- *Installations*; copy all your software on multiple PCs

The toughest drive there is!

In today's world mobility has become a key factor. People who are on the road carry their whole office with them. Notebook, mobile phone, PDA, external hard drive... Imagine what can happen when you're late for a flight, running to the gate, and your external hard drive accidentally falls from your notebook case or out of your jacket pocket onto the floor... it breaks. Hundreds of hours of work, gigabytes of spreadsheets, documents, photo's... all gone. Not anymore! Freecom introduces the ToughDrive. The ideal external storage solution for people on the move. Fitted with an internal anti-shock frame and a unique soft silicon cover, it can withstand bumps and drops so your drive is still fully functional after it has dropped. The ToughDrive ensures you can still access your valuable files. A safe feeling. Provided by Freecom.

ACRONIS TRUE IMAGE SOFTWARE

THE ULTIMATE DATA INSURANCE POLICY!

The Freecom ToughDrive PRO with Acronis True Image software is your ultimate data insurance policy! The software takes an exact image of your hard disk drive or separate partitions for complete backup and allows you to restore all of their contents, including operating systems, programs, personal data and settings. In the event of fatal software or hardware failure Acronis True Image protects your data, even when ordinary file backup software does not work. True Image is designed for Windows and available in English only.

FREECOM SOFTWARE MEDIA SUITE INCLUDES:

Freecom Secure & Compress for Windows:	Drag and drop files into folders and these files are crypted and compressed automatically.
Freecom Password protection:	Protects your ToughDrive PRO with password protection.
Freecom Auto Run for Windows;	Opens files, starts programs automatically if you connect your ToughDrive PRO to the USB port.
Freecom Sync for Windows;	A synchronization process starts automatically if you connect your ToughDrive PRO to your computer.
