

## Soldering Station i-CON NANO

- The i-CON NANO is a microprocessor controlled soldering station, ideal for production, maintenance and laboratory
- Stand-by and Shut-down for energy saving and longer durability
- 3 temperatures and stepless temperature setting
- Quickly heats up and reheats thanks to the high performance heating element
- Soldering tips for each soldering requirement available

### Technical Data

Power Output: 60W  
 Temperature Range: 150°C to 450°C  
 Weight i-Tool NANO: 30 g (without cable)

540938
