

Datasheet

Product – MK9

Order Code – MK9.9A

Features & Benefits

The MK9 for applying HellermannTyton cable ties up to a width of 13.5mm is characterised by its very light weight and ergonomic design. Like the MK7, the housing is made of resilient and light weight glass fibre reinforced polyester. The MK9 has two preset tension levels and a device for fine adjustment. MIL approved.

For use with HellermannTyton Cable Ties sizes

T80 Series range of ties

Type	Strap Width max. (G)	Strap Thickness max.	Weight (Kg)
MK9	13.5	2.0	0.4
