RV

SolarVENT 24AE Marine

Overview

The BatterySAVER PLUS prevents dead car batteries and reduces the need for expensive battery replacements. The BatterySAVER PLUS, almost twice as powerful as the CycleSAVER, will maintain a car, light truck or SUV battery by sending a maintenance-level charge to the battery. Also works with small RV's or boats

Excellent for cars in storage or parked for extended periods of time. Ensures those much needed quick starts on cold winter days.

Features

- 1.8 watts rated power at 15 volts operating voltage
- Connects in seconds with convenient cigarette lighter adapter (CLA)
- Never overcharges
- Extends battery life
- Constant maintenance level charge
- Includes LED voltage indicator
- Built-in reverse current protection; can't discharge your battery
- 8 ft (2.4 m) wire
