

MELT THERMOCOUPLE up to 450°C

Type J melt bolt sensors for plastics machinery

- 1 Robust construction to withstand high pressure and temperatures
- 2 Rated 450°C (sensor), 220°C (connector). Insulated junction
- 3 Suits wide range of extruders and moulders
- 4 310 stainless steel: ½" UNF 20 thread. 76 or 152mm bolt
- 5 Sheath; immersion depth 5mm, diameter 3mm

Dimensions & Codes

	Farnell code	LAB code
Type J, 76mm length	8598061	FM-J-U-76-5
Type J, 152mm length	8598070	FM-J-U-152-5
