

Philips  
Infrared muscular pain  
relief

**650 W**

Half body treatment 124 cm high

**HP3643**

## Effective pain relief

### Deep penetrating infrared warmth

Philips InfraCare gives effective pain relief for muscles and joints. Its 650 W infrared warmth is very comfortable and penetrates deep into the skin, improving blood circulation and thereby giving effective relief for half-body areas of 60 x 40 cm.

#### **Effective pain relief**

- Deep penetrating Infrared warmth

#### **Half-body treatment**

- 650 Watt infrared halogen lamp

#### **Easy to use**

- Adjustable angle with rotation
- Easily reaches neck and shoulders

#### **Improves blood circulation**

- Improves blood circulation

#### **Proven health benefits**

- Health benefits proven by clinical research

**PHILIPS**  
sense and simplicity

## Highlights

### Deep penetrating Infrared warmth

Infrared light has been proven to effectively relieve aches and pains caused by muscular pains and stiff joints. The comfortable warmth created by infrared light penetrates deep into your skin, improving blood circulation and warming your muscles. As your muscles are soothed, they automatically loosen up and relax. At the same time, the improved blood circulation helps your body get rid of impurities and quickly sends oxygen-rich blood to stressed or aching muscles, bringing effective pain relief.

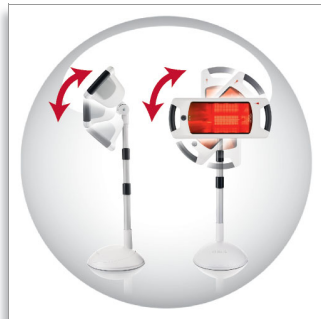

### 650 Watt infrared halogen lamp

The Philips InfraCare HP 3643 has been optimised for effective relief of pain in areas covering 60 x 40 cm, such as the entire back, both shoulders+neck or thigh. The InfraCare features innovative infrared halogen lamp technology. The special optics, filter and powerful 650 Watt halogen lamp have been optimised, enabling half-body treatment (60 x 40cm), and is now even more comfortable to

use as the infrared warmth is more equally divided over the treatment area.

### Adjustable angle with rotation

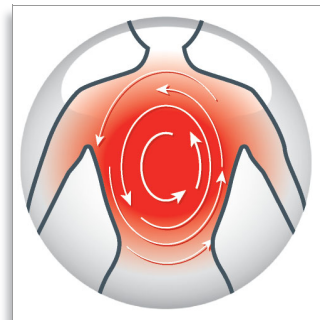

The InfraCare HP 3643 is easy to use for half-body treatment and for different situations (e.g. lying on a bed or sofa) due to its maximum flexibility. In addition to the height adjustment, the lamp house can easily be positioned for optimum treatment of the right body part by moving it into a horizontal or vertical position (left/right 90 degrees) and by tilting it up or down (45 degrees).

### Easily reaches neck and shoulders

The InfraCare HP3643 can easily reach neck shoulders to give optimal warmth treatment of sore muscles. The height of the lamp house can be extended from 60 to 120 cm, so it offers a convenient position whether you are lying on a bed or sitting on a chair.

### Improves blood circulation

Infrared light and warmth penetrate deep into your skin, increasing blood circulation and warming your muscles. The increased blood circulation helps your body get rid of impurities and quickly sends oxygen-rich blood to stressed or aching muscles, bringing effective pain relief.

### Health benefits proven by clinical research

This certified medical device offers health benefits, as proven by independent clinical research.

# Specifications

## Technical specifications

- Power: 650 W
- Frequency: 50–60 Hz
- Lifetime of lamps: 500 hour(s)
- Cord length: 3 cm
- Insulation: Class II (double insulation)
- Voltage: 220-230 V, Taiwan 110 V

## Weight and dimensions

- Product dimensions: 29 x 124 x 29 cm
- Product weight: 7.2 kg
- F-box dimensions: 34.5 x 60 x 39 cm
- F-box weight: 9.1 kg
- F-box dimensions (= A-box): 34.5 x 60 x 39 cm
- F-box weight (= A-box): 9.1 kg
- Qnt. on Euro pallet: 24 pcs

## Logistic data

- CTV code: 884364301000
- Country of origin: Germany

## Safety

- IEC certified: In line with IEC 60601 and 60335
- 15 minutes auto shut-off

## Easy to use

- On/off switch
- Adjustability: 0-40 degrees (backwards)
- 2 handgrips: for easy transport and positioning
- Extendable in height: 62-127 cm
- Easily positionable lamphouse (left/right): 90
- Easily positionable lamphouse (up/down): 45

## Medical appliance

- Proven health benefits: Health benefits proven by clinical research

## Half-body treatment

- Treatment area: 60 x 40 cm
- Infrared halogen lamp: 650 W
