

**locks and inserts**

- Spacial 3D enclosures are delivered as standard with a 3 mm double bar lock.
- A wide range of standardised inserts is available to cover the most common requirements.
- Single screw installation and removal.
- The operating handle delivered with the enclosure can be used as:
  - a provisional handle (partial engagement),
  - a definitive handle (total engagement with click-in).

**key handles**

- Composite material handle, attractive and ergonomic.
- Extensive range of barrels enabling coverage of a wide range of requirements.

**closure system**

- Easily installed to replace the standard lock.
- Material: zamack.
