

# ZEBRA Starterkit

## ZigBee™ Enabled Board for Radio Applications

Preliminary Product Information 1.0: 2005/08/09

### ZEBRA Module Starter Kit:

Contains 2 modules, 2 base boards and detailed documentation:

### Starterkit Hardware Features:

- 2 Wireless communication modules
- Power supply on-board
- 4 LEDs
- 4 Buttons
- 4 channel DIP Switch
- RS 232 serial interface on-board
- BDM Port included
- Optional external power supply (2.0V ... 3,4 V)
- Fast and easy module connector
- Large breadboard area for individual application
- Metrowerks CodeWarrior integrated development environment included
- Several software options ready for use
- Comprehensive documentation for getting started
- Mechanical dimensions 85 mm x 75 mm (+ Modules)

senTec Elektronik GmbH  
Ehrenbergstr. 11, 98693 Ilmenau, Germany  
<http://www.sentec-elektronik.de>

### Typical Applications:

- Development of wireless sensor networks
- Development of Automation technologies
- Industrial control
- Measurement equipment
- Data logging
- Medical devices and applications

### Ordering Information:

**ZEBRA2411-SM:** Wireless Communication Module with 50-pin receptacle  
**ZEBRA2412-SM:** Wireless Communication Module with SMT BGA footprint

**ZEBRA2400-SK:** Starter Kit (including 2 Modules ZEBRA 2411-SM)

Product status: development finished, product available
