

## DJ IN A BOX

### VINYL + IPOD DJ PACKAGE

**EVERYTHING YOU NEED TO PERFORM AND RECORD WITH VINYL AND IPOD.** DJ IN A BOX is a turntable pack for performing with vinyl, iPod or iPhone, and more. DJ IN A BOX features iM1, the world's first DJ mixer that records your mix to your iPod or iPhone. You can also perform with tracks from your iPod, connect optional gear like CD players, mics, and preview your mix in HF125 DJ headphones.

#### TT1610 BELT-DRIVE TURNTABLES

Pitch-adjustable DJ turntables with aluminum platters and performance controls. Complete with slipmats, cartridges, and connection cables.

#### iM1 TWO-CHANNEL MIXER WITH DOCK FOR iPod

Rugged, reliable faders, replaceable crossfader, and a built-in dock for iPod. Record your set to iPod and mix in tracks from iPod.

#### HF125 DJ HEADPHONES

Cue in comfort and enjoy clean, clear sound on stage or at home.
