# The No-Nonsense Quick Change Knife

The new Wiss<sup>®</sup> WK500V is comfortable and durable ...  
plus you can change the blade real fast.

**COOPER** Hand Tools

## NEW from Wiss® ... a Quick Change knife that's comfortable, easy-to-use, and made to last.

The Wiss WK500V is made to last. From its durable all-metal construction to its comfortable molded-on rubber grip, it's a no-nonsense kind of tool. Guys who use utility knives all day long appreciate that. It stores up to five standard blades and has a simple patent pending design that makes changeout a cinch. The Wiss WK500V... one hardworking utility knife.

### Blade changeout is easy. No tools required.

Slide top button forward and push blade lock up

Remove old/insert new blade.

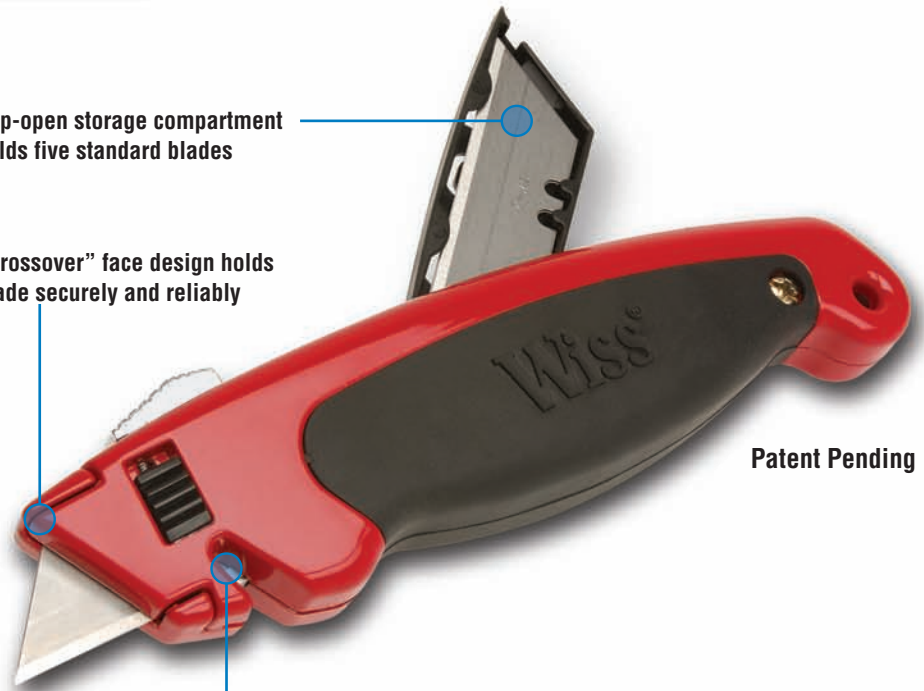

Release blade lock and slide top button back

Flip-open storage compartment holds five standard blades

"Crossover" face design holds blade securely and reliably

Safety-guarded string/twine cutter works with blade fully retracted

Patent Pending

**Comfortable** The large molded-on rubber grip of the WK500V is contoured to fit your hand, providing a wide non-slip gripping area for maximum comfort and control.

**Durable** Its heavy duty die-cast metal construction and durable powder-coated finish give the WK500V durability that's second to none.
