

A range of diecast boxes in various sizes, manufactured in a robust aluminium alloy. These lightweight enclosures provide excellent screening against EMI/RFI and are therefore ideal housing for electronic components and circuits.

The close fitting lid is secured using countersunk screws. The box comes in a smooth, nylon, hard wearing finish in a choice of colours.

Material
Box & Lid :Aluminium Alloy
LM24
Screws :Mild Steel
Zinc Plated
M3.5x9
Nylon Coating : 75-150 microns
Rilsan Nylon 11

BLUE RAL 5010
BLACK RAL 9005
GREY RAL 7001

Add letter after order code for colour required.
Grey - A Blue - B Black - E
