Part # F7D4301uk

**Stream HD videos, play games
online, and download large media
files**

Performance

Get maximum speed and performance for media-intensive applications

Speed

Double your performance and bandwidth with Dual-Band N technology. Simultaneous networks eliminate interference and optimize media-intensive applications like videos and gaming, with speeds of up to 300 Mbps*.

3D Coverage

Dual-plane antennas and MIMO technology provide three-dimensional whole-home coverage for consistent signal, even through walls and floors.

Security

WPS/WPA2 encryption standards and preset security settings get you up and running safely. One-touch Wi-Fi Protected Setup (WPS) securely connects multiple computers and devices

Package Includes
