## DATASHEET

### OmniPage 16

The World's #1 OCR

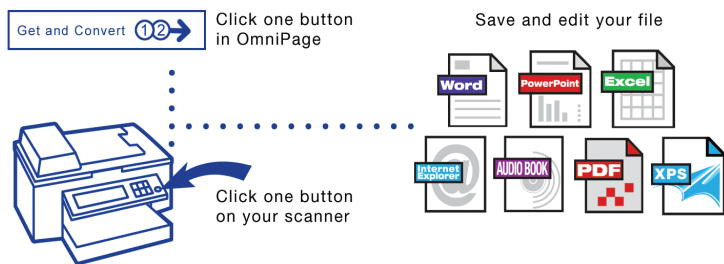

OmniPage 16 is the fastest and most precise way to convert paper, PDF files, and even digital camera pictures into files you can edit in your favorite PC

applications. It's the world's most powerful document conversion product, not to mention the easiest to use. OmniPage 16 lets you turn paper documents that would take hours to re-type and layout into perfectly formatted text documents in seconds. You can even turn text into audio files perfect for burning to a CD or listening to on your Apple iPod®. OmniPage 16 is ideal for students, home office and small business users alike. No other product delivers more accuracy, speed, features, and formats. Get unlimited possibilities with maximum productivity only from OmniPage 16!

### NEVER RETYPE ANOTHER DOCUMENT

Don't waste your time recreating PDF or paper documents. Typing a typical 20 page, 6000 word document, takes about 150 minutes for the average person. OmniPage can recreate the same documents as an editable document in your favorite format in less than 2 minutes. We know your time is valuable so we've made OmniPage 16 work up to 46% faster than the previous version. You can get more done than ever before.

### BETTER ACCURACY = EASIER EDITING

Spend less time correcting your documents so you'll have more free time to do the things you want. OmniPage combines an industry-leading 99%+ character accuracy with improved page layout recognition for documents that look just like the original – complete with text, tables and graphics. OmniPage uses superior accuracy to precisely format your documents so you can easily make changes.

### CAPTURE TEXT ANYWHERE WITH YOUR DIGITAL CAMERA

Accurately capture text with your digital camera thanks to OmniPage's innovative digital camera 3DC technology. It simply produces results you won't believe. Take pictures of book pages, signs, posters or any document at hand. Go ahead and capture text anywhere.

### UPGRADE FOR YOUR SCANNER

There's no need to be disappointed by your scanner any longer. Get the best possible results with OmniPage and make your scanner more useful. OmniPage provides the quality, accuracy and features you need to convert and share your documents.

## Top 10 Reasons to Buy

- 1. The most accurate OCR and layout - Ever**  
Millions of users and independent labs agree – OmniPage delivers the highest text and layout accuracy available.
- 2. Maintain perfect formatting**  
OmniPage makes it easy to re-use existing documents. Converted documents look exactly like the original – complete with columns, tables, bullets and graphics.
- 3. Simply the easiest to use**  
Converting documents doesn't have to be complicated. The Quick Convert View gets the job done in seconds – there's no need to learn a lot of options and tools.
- 4. Faster than ever**  
OmniPage 16 now includes smarter more powerful OCR engines that are up to 46% faster than the previous release.
- 5. A picture is worth 1,000 words**  
OCR isn't just for scanners anymore! With our breakthrough 3DC technology you can use a digital camera to accurately capture and convert text and documents.
- 6. Unlock information in PDF and XPS Documents**  
Turn any PDF or XPS file into your favorite PC application for easy editing. You can also scan documents into searchable versions of these formats for instant access by desktop search utilities.
- 7. Supports all your favorite applications**

## GET STARTED RIGHT AWAY - ONE-BUTTON SIMPLICITY

The Quick Convert View makes powerful document conversion quick and easy. With just the push of a button, you'll get excellent results every time.

## System Requirements:

- An Intel® Pentium® III or higher processor or its equivalent. Intel Core Duo, Intel Core 2 Duo or AMD X2 Dual Core recommended for advanced performance.
- Windows 2000 (from Service Pack 4), Windows XP 32 bit (from Service Pack 2), Windows XP 64-bit, Windows Vista 32-bit, Windows Vista 64-bit
- 256 MB of memory (RAM), 1GB recommended for advanced performance.
- 150 MB of free hard disk space for the application files and sample images, plus 70 MB working space during installation. An additional 175 MB for RealSpeak™ Solo speech modules.
- 1024x768 pixel color monitor with 16-bit color or greater video card
- CD-ROM drive for installation
- A sound card and speaker for reading text aloud
- A compatible scanner with its own scanner driver software for scanning documents.
- 4 megapixel digital camera or higher for digital camera text capture
- Web access needed for automatic product activation and Scanner Wizard database updating
- Microsoft .NET Framework 3.0 for Office 2007 and XPS formats

Note: Performance and speed will be enhanced if your computer's processor, memory, and available disk space exceed minimum requirements. This is especially true when converting very large color PDF files. OmniPage has been specifically engineered to take advantage of multi-core processors.
