

A pack of hand wipes which allow you to clean your hands of oil, grease, ground-in dirt, ink, paint and tar when no water is available. No towels are needed unlike conventional gel cleaners. As the wipes contain no harmful substances, the wipes can be used time after time without causing harm. Ideal for industry, home, DIY and the mechanic. Compactly designed container with a re-sealable lid. The wipes are pleasantly scented and are "food safe". Supplied in a box of 150 wipes.
