# EU-Material-safety-data-sheet according to 91/155/EWG

#### Trade-name: Solder-wire Multicomp Sn97,1Ag2,6Cu 0,3 Typ 511

Date of issue: 02.07.2003

# Revised: 19.04.2005

Page: 1(2)

### **1. Chemical Identification**

Trade -name:	Solder wire Multicomp Sn97,1Ag2,6Cu 0,3 Typ 511
Manufacturer:	Farnell InOne GmbH Keltenring 14
	82041 Oberhaching TelNr.:+49 (89) /61 30 30
Emergency phone number:	+49 (202) 58 51 18 / 119

#### 2. Composition/Information of Ingredients

Chemical characteristic:

Ingredients Proportion		Symbols	Risk-Phrases	Chemical name
remainder	7440-31-5			Tin
<2,6%	7440-22-4			Silver
<0,3%	7440-50-8			Copper

Alloy Tin-Silver - Copper flux -cored (max3,5%)

#### 3. Hazards Identification:

Not a composition for the purposes of the Dangerous Substances Regulations, but nevertheless observe items 4-16

## 4. First Aid Measures:

General :	If casualty is unconscious but breathing, place in the recovery position. If breathing has stopped apply artificial resuscitation or give oxygen by mask
Inhalation	Remove patient to fresh air. If irritation resists, obtain medical attention.
Skin Contact :	If any skin irritation develops seek medical attention
Eye Contact:	Flush <i>immediately</i> with plenty of water. In cases where spitting flux has entered the eye seek medical attention.
Ingestion:	seek medical attention.
Hints for doctors	Inhalation of the flux fumes given off at soldering temperatures will irritate the nose, throat and respiratory system. Repeated or prolonged exposure to flux fumes may cause shortness of
	breath and cough
Treatment:	Decontamination, symptomatic treatment.
General :	If casualty is unconscious but breathing, place in the recovery position. If breathing has stopped apply artificial resuscitation or give oxygen by mask
Inhalation	Remove patient to fresh air. If irritation resists, obtain medical attention.
Skin Contact :	If any skin irritation develops seek medical attention

# 5. Fire Fighting Measures

Extinguishing Media: Special Fire-fighting Procedures:

Use extinguishing media appropriate to surrounding fire con Wear self-contained breathing apparatus and protective clothing to prevent contact with skin and eyes.

# 6. Accidental Release Measures:

Pick up and place in appropriate container

#### 7. Handling and Storage:

The fumes produced during soldering should be extracted away from the breathing zone of the operators. Ensure the area is well ventilated. Wash hands with soap and warm water after handling, particularly before eating, drinking or smoking. The product should be stored in a cool, dry area.
