

Plunger rod and spring assembly easily removed for cleaning and maintenance.

- Hard die shave prevents finger-ripping
- Wide band knurling for sure grip.
- G1/8" (61/87) thread for accessories
- AVAILABLE ACCESSORIES AND GREASE:
 - No. 6279-2 12" (300mm) Grease Hose
 - No. 6279-3 17" (435mm) Grease Hose
 - No. 6279-5 400g Multi Purpose Grease Cartridge

Capacity 500ccm.

- Exclusive "Pudlock" design (plunger rod assembly) guarantees positive grease displacement - eliminates the problem of air pockets and adjusts to fill fitting or damaged cartridges.
- Plunger adjusts automatically to bulk or cartridge loaded grease.
- Leak-proof, precision machined steel piston and pump cylinder in one-piece cast head.
- Air pockets are vented by a built-in pump head or through filler plug.

easy venting
