

Characteristics:

Desco Europe's double-sided acrylic tape is a pressure sensitive adhesive with release liner. This tape is ideal for use on mats that slide around or curl and create a tripping hazard. It is also a great choice for securing mats to metal carts and workstation surfaces. The acrylic tape can be applied to concrete or sealed floors, metal carts, work benches and just about any other hard surface. It is ideal for all mat materials Desco Europe offers, which includes vinyl, rubber, cellular and sponge products. The tape adheres to the substrate but can be removed (but not re-used) with no damage to either the mat or substrate.

Item	Description
80300	Two-Sided Adhesive Tape, 51mm x 228m

Made in the
United States of America
