

Di-Li 160 Soldering Bath

The Di-Li soldering bath is a useful gadget to prepare components for the soldering. Ceramic Heater. Compatible with lead-free solder.

You can use it for tin plating of stranded wire braids, component leads and cable lugs.

The temperature is controllable. Steady construction.

Specifications:

Maximum output (W): 150

Voltage (V): 230

Temperature in °C: 200-500

Diameter in mm: 36

Depth in mm: 36

Amount of solder in gram: 300

Dimensions: 160 x 90 x 80
