Punch Down RJ45 Panels – Category 5e and Category 6

Easy-to-use punch down panels which offer 24 ports in 1U, ideal for reliable, fast installation

The panels have a removable rear cable manager for cable strain relief and correct guiding of cables to the point of termination.

The panels are available in either category 5e UTP or category 6 UTP. Rounded edges on the front plate provide an aesthetic appearance and improved mechanical strength.

A full fixing kit is provided and wires can be punched down with either LSA or 110 tools. Panels have post numbering and space for individual port labelling.

The panels are available in black.

Features

- T568A or T568B wiring
- Terminates with LSA or 110 tools
- Removable cable retention bar

Benefits

- Universal application
- Widely available tool used for assembly
- Simplifies punch down, gives cable strain relief, controls cable bending and increased system performance

Specification

| | |
|-------------------------|--|
| Electrical performance: | Category 5e panels meet TIA/EIA-568-B.1 Category 5e link standard and ISO/IEC 11801 and EN 50173-1 Class D performance Category 6 panels meet TIA/EIA-568-B.2.1 Category 6 link standard and ISO/IEC 11801 and EN 50173-1 Class E performance |
| Storage temperature: | -40° to +70°C |
| Operating temperature: | -10° to +60°C |
| Humidity: | max 93% (non condensing) |
| Colour: | black |
