Item No. 32929

Made from premium CV tool steel forgings. Induction Hardened Jaws and cutters to 60 HRC. Industrial brushed finish
Two component ergo cushion grips for best user comfort.
Long life high performance dynamic 60/40 joint.

Each Tool 10,000 Volt Tested For 1000 Volt Safety Rating

6.3" Insulated Diagonal Cutter

Item No. 32933

Made from premium CV tool steel forgings. Induction Hardened Jaws and cutters to 60 HRC. Industrial brushed finish
Two component ergo cushion grips for best user comfort.
Long life high performance dynamic 60/40 joint.

Each Tool 10,000 Volt Tested For 1000 Volt Safety Rating

8" Insulated Lineman's With Dynamic Joint

Item No. 32930

Made from premium CV tool steel forgings. Induction Hardened Jaws and cutters to 60 HRC. Industrial brushed finish.
Two component ergo cushion grips for best user comfort.
Long life high performance dynamic 60/40 joint.

Each Tool 10,000 Volt Tested For 1000 Volt Safety Rating

8" Insulated Heavy Duty Cable Cutter

Item No. 32927

Made from premium CV tool steel forgings. Induction Hardened cutters to 60 HRC. Industrial brushed finish. Cuts to #00 AWG
Two component ergo cushion grips for best user comfort.

Each Tool 10,000 Volt Tested For 1000 Volt Safety Rating

6.3" Insulated Stripping Pliers

Item No. 32947

Made from premium CV tool steel forgings. Induction Hardened stripping jaws to 60 HRC. Industrial brushed finish.
Two component ergo cushion grips for best user comfort.

Each Tool 10,000 Volt Tested For 1000 Volt Safety Rating

7" Insulated Crimper

Item No. 32945

Made from premium CV tool steel forgings. Induction Hardened crimping jaws to 60 HRC. Industrial brushed finish.
Two component ergo cushion grips for best user comfort.
Crimps 6-30 AWG Connectors

Each Tool 10,000 Volt Tested For 1000 Volt Safety Rating

3 Pc. Insulated Set

Item No 32981

8" Insulated Combo Pliers
8" Insulated Long Nose
8" Insulated Cutters

Each Tool 10,000 Volt Tested For 1000 Volt Safety Rating
