

datasheet for Koffer-Service Set Elektroinstallation
article number: 932792001

product description:	order number: 932-792-001
description:	Service Case Electro Installation For all tasks of industrial installation, services, utilities management, training and more.
typ:	Elektroinstallation
system:	Service Case
order number:	932-792-001
scope of delivery	
scope of delivery:	<ul style="list-style-type: none"> - miniature clamp-type test probes with socket connection for 2 mm plugs KLEPS 2 BU black, red (973501100/973501101) - safety test probe with elastic, shatter-proof insulated sleeve and slender stainless steel tip PRUEF 2600 black, red (972317100/972317101) - safety test probe with 4 mm socket connection and stainless steel tip PRUEF 2700 black, red (972319100/972319101) - safety clamp type test probes with wide opening grip claws KLEPS 2800 black, red (972308100/972308101) - injection-moulded adapter plugs from 2 mm plug to 4 mm socket MZS 4 black, red (973599100/973599101) - safety measuring leads with onward connection capability 4 mm safety system, 25 cm MLS WS 25/2,5 black, red (934086100/934086101) - safety measuring leads with onward connection capability 4 mm safety system, 200 cm MLS WS 200/2,5 black, red (934089100/934089101) - safety measuring leads with onward connection capability 4 mm safety system, 200 cm MLS WS 200/2,5 gelb/grün (934089188) - wide-opening alligator clip, up to bolt diameter of 30 mm, contact protected AK 2 B 2540 I gelb/grün (972405188) - injection-moulded measuring leads with either end 2 mm pin connectors MVL 2/50 black, red (973595100/973595101) - injection-moulded adapter plugs from 4 mm plug to 2 mm socket MZS 2 black, red (973600100/973600101)
