

## D01840 – Miniature Soldering Station, 10W

- Rapid heating – up to temperature in 5 seconds
- Ergonomic design with lightweight soldering pen
- Ideal for small electronics soldering tasks
- LED soldering temperature indicator
- Automatic sleep mode if unused for 25 seconds

### Technical Data

Voltage:	230V / 50Hz
Electric Iron Power:	10W
Temperature:	400 - 450°C
Dimensions:	
Control Unit:	120x40x65mm
Soldering Pen:	Ø15mm x 175mm
Weight:	220g

### Spares / Accessories

**D01840-HT**  
**Replacement Heater & Tip**
