

## 200W Stereo Power Amplifier

Stage Line

A 200W stereo power amplifier designed without a fan for silent running. Ideal for use with near field monitors or small sound reinforcement and recording applications.

- Silent operation (due to design without fan)
- Anti-thump speaker switch-on delay
- Short circuit and overheat protection
- Independent level controls
- Clip LED for each channel
- 482mm (19") rack installation
- RCA and 6.3mm jacks for inputs
- 6.3mm jacks and spring-loaded speaker terminal outputs

Output Power	2x60W rms (4 $\Omega$ )	S/N Ratio	>70dB
	2x50W rms (8 $\Omega$ )	Power Supply	230V ~ 50Hz / 310VA
Inputs	1V (7V Max.)/20K $\Omega$	Dimensions (WxHxD)	420x88(2U)x250mm
Frequency Range	10Hz to 20KHz	Weight	7Kg
