

Fan Coil Cables

A range of connection leads designed to simplify the conversion from conventional AC to EC energy-saving technology. Both power and control cables are available for use with multiple fan applications consisting of up to 4 centrifugal blowers and speed controller to suit.

- Complete with connectors for easy installation
- Daisy chain arrangement for multiple fan applications
- Manufacturing tolerances on cable lengths +/- 10mm
- Power cable suitable for D3G133-BF03-06 (230VAC)
- Control cable suitable for RMECI

Part Number	Cable Type	No of Fans	Dimensions (mm)		
			A	B	C
210-HAR0014-20	Power	1	1100	650	120
210-HAR0013-20	Power	2	1100	650	120
210-HAR0012-20	Power	3	1100	650	120
210-HAR0011-20	Power	4	1100	650	120
210-HAR0010-20	Control	1	1000	650	-
210-HAR0009-20	Control	2	1000	650	-
210-HAR0008-20	Control	3	1000	650	-
210-HAR0007-20	Control	4	1000	650	-

Power Cable

Terminal Assignment

- Pin 1 = Brown Live
- Pin 2 = Blue Neutral
- Pin 3 = Green / Yellow Earth

Control Cable

Terminal Assignment

- Pin 1 = Blue
- Pin 2 = Grey
- Pin 3 = Black
- Pin 4 = Brown*

*Only relevant for first fan connector
