

DVI to VGA, DFP Adapters

Product Overview

The series of adaptors feature the DVI (Digital Visual Interface) as standard. They allow the conversion to either VGA or DFP monitor type interfaces.

- Designed to accommodate new generation digital video signals as well as standard analogue versions
- Fully moulded screened adaptors suitable for high resolution monitor interfaces
- Convert DVI outputs to more traditional VGA or alternate DFP Half pitch 20 way Centronics types

2259 VIDEK DVI F to HDD DB15M Analogue Monitor Adaptor
