Beautiful design

Crafted from premium materials

Combining quality materials and premium aesthetics, the Nokia Asha 302 is a sight to behold with its highly refined metallic look. But it's not just about the looks - a thoughtfully-designed Navi key also provides easy scrolling and navigating.

Do everything fast

3.5G, WiFi, and QWERTY

The Nokia Asha 302 comes with 3.5G and Wi-Fi support for fast connectivity, a quick 1 GHz processor, and a QWERTY keyboard for fast typing. Plus, quickly get updates from your social networks, email and chat services directly on your homescreen.

Stay connected

Easy social networking

It's easier than ever to access what's important to you. Check live status updates from Facebook and other social networks, keep chatting with your friends via Whatsapp or Facebook chat, and stay connected to popular email services.

Nokia browser

Fast web browsing

By compressing pages by up to 90%, Nokia Browser ensures smaller downloads, lower data charges, and faster page loads. And with the option to personalise start pages, you can get quick access to all your favourite content, including your most frequently visited websites.

Apps, games and more

Be entertained all day

The Nokia Asha 302 comes preloaded with some of the best apps including WhatsApp. But if it's more you want, Nokia Store features tons of awesome apps and games for you to download and enjoy. And you even can add a shortcut to the Nokia Store on your phone's home screen for quick access.
