# Cleaning Agents / Solvents

#### Features:

- This is a powerful solvent, that does not contain CFC's or chlorinated solvents
- Ideal for use as a general purpose mechanical and metal degreaser for all types of cleaning and degreasing operations

## **Applications**

A highly effective degreaser which removes a wide variety of contaminants including grease, oil and flux residues. Rapid evaporation ensures surfaces are clean, dry and residue free. This is a non-corrosive, and is safe to use on metals, alloys and some plastics. (May affect delicate plastics, if unsure always test a small area before general use)

## **Directions**

Spray from a distance of 25 - 30 cm spray directly onto the area to be cleaned. For particularly heavy deposit further re-application may be required so re-apply as necessary

#### Noto.

May affect certain delicate plastics. Always test a small, inconspicuous area before general use. Ensure electrical equipment is switched off before cleaning

## **Technical Information**

Appearance	Clear, colourless liquid
Odour	Hydrocarbon solvent
SG at 25°C	0.73
Discharge Rate	3.1 g / second
Evaporation Rate	3.2 (with respect to butyl acetate)
Flammability	Classified As extremely flammable under current EC regulations
Flashpoint	Not applicable in sealed aerosol

### Storage

The product may be stored at normal temperatures and has a shelf life of not less than 36 months with correct storage. Aerosols should always be stored below 50°C, away from direct heat and naked flames

## **Part Number Table**

Description	Part Number
Degreaser, 400 ml, Aerosol	PPC107
