

STAEDTLER® Lumocolor®

One for all surfaces!

Distinguished with the 'Busse Longlife Design Award'.

The STAEDTLER box can be turned into a pen stand quickly and easily - keeping all colours ready to hand at all times.

One for all...

...and all for one! With the STAEDTLER Lumocolor universal pen, you can write on almost any surface.

Whether in the office or workshop, at school or at home – Lumocolor can be relied upon to write on overhead film, glass, plastic, metal, wood and many other materials besides.

The reasons are clear: Lumocolor is a true surface specialist and is highly impressive thanks to its outstanding technical finesse. It is available in four line widths, eight colours, in the stand-up STAEDTLER box and in various regularly available bonus packs.
