

Shaft Support Blocks

Shaft Support Blocks, R1057

Material

- Aluminum

Structural design

- Rigid shaft mounting due to extra-wide design
- Clamping from above for better access
- Greater security through clamping screw with larger thread diameter
- Thread for attachment from below
- Drill holes for attachment from above
- With reference edge for easy alignment

Shaft Ø d (mm)	Part numbers	Weight (kg)
10	R1057 010 00	0.05
12	R1057 012 00	0.06
16	R1057 016 00	0.11
20	R1057 020 00	0.18
25	R1057 025 00	0.35
30	R1057 030 00	0.48
40	R1057 040 00	0.90
50	R1057 050 00	1.50
60	R1057 060 00	3.00
