

sensūTM

The artist brush. Evolved.

Now available in classic chrome and NEW matte black.

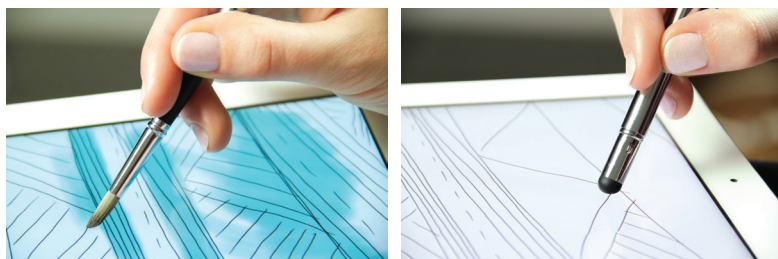

The artist brush. Evolved.

The Sensu Brush is the ultimate tool for digital artists. A portable brush and stylus that delivers an authentic painting experience on your tablet or smartphone.

The conductive synthetic brush hair was developed to give a satisfying sense of resistance and dances across the screen with a real liveliness. When the brush is closed for travel, a convenient rubber stylus nib is revealed for use on the go.

Procreate

Sketchtime

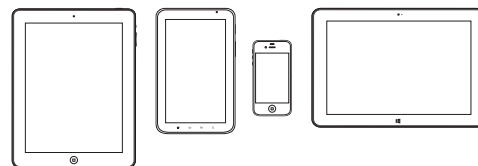

ArtRage

Paper

The real potential of Sensu is realized when used with painting and drawing apps. Many are available in the Apple Store and the Android Market. Above are a few of our favorites.

Compatible with most capacitive touchscreen devices including: iPad®, iPhone®, Microsoft Surface®, Kindle Fire®, Galaxy Tab®, Nook®, BlackBerry Playbook®, and more.
