

WS3

Part Number: 597-63200

The high-quality warning and additional texts from flexible vinyl sheet prepared by the screen printing method ensure high security. The label adheres very well to almost any surface, and the label itself is clearly legible from a distance. Supplementary texts for warning signs are everywhere there, where a hazard has to be further specified or external persons must be given special attention. Warning signs will vary depending on execution from a side length of 12.5 delivered up to 400 mm. Matching additional texts will be made up to a size of 210 x 74 mm. Please note the respective symbol size in the table.

For the prescribed marking of hazardous areas, such as on electrical equipment, devices or work and storage areas.

Basic Information

Color	Yellow with black print (YEBK)
For size	3
Local Type	ATWS3-A-150

Specifications

Thickness (T)	80 microns
Film thickness (microns)	80.0 microns
Length (L)	50 mm

Material and Specifications

EAN / GTIN	4031026179209
Labels per Sheet	10
Weight	0.06 kg
Content	100
Content per box (VPE)	1
Amount by	PA
Minimum Order Quantity	1

Material and Specifications

BGV A8	W08
Operating	-40 ° C to +80 ° C
Chemical properties	Self-extinguishing, resistant to oils, water and solvents
DIN 4844	W008
Halogen-free	NO
Glue	Acrylic
Material	Type 150, Vinyl Film, colored
Processing temperature	from +10 ° C
