

Data sheet

Weller part no.	T0053252399
Description.	Soldering station power unit type PU 81
Protection class.	1
Power rating.	80W
Supply voltage.	230V 50Hz
Temperature range.	150C to 450C
Temperature accuracy.	+/-9C
Temperature stability.	+/- 5C
Temperature set.	By rotary potentiometer against a fixed scale
Temperature indication.	By 3 condition LED (on/flashing/off)
ESD safe.	Yes
Equipotential bonding	By 3.5mm jack plug and socket on the rear of the unit
