

A new breed of External HDD

EXTERNAL HDD DATA SHEET

H2 Series Hard Disk Drive - Serious storage capabilities

Introducing a new breed of external storage - the Hyundai H2 Series

External Hard Disk Drive has evolved. Offering great storage solutions

for those who need to access their data on the go. An essential addition to your modern day survival kit. User friendly, the exterior case is sleek, glossy & slim-line.

The light indicator glows blue when connected to USB 3 or white when connected to USB 2.

It's a jungle out there - If your busy schedule leaves you craving a portable solution or you simply have a demand for storing your projects/pictures/videos/etc to use on multiple devices, the H2 Series delivers more than enough speed and storage for the most demanding users. Colourful and slim-line – the H2 series offers users good looks as well as serious storage capabilities. Complete with a free 30 day Symantec trial, protecting data against any threat.

Leaving one question - which animal are you?

H2	Test file Size	Read MB/s		Write MB/s	
		Sequential (1024KB)	Random (4KB 32QD)	Sequential (1024KB)	Random (4KB 32QD)
750GB HDD	1000MB	117.80	0.57	116.80	1.28
1TB HDD	1000MB	116.80	0.57	115.90	1.27

Tests conducted via a USB3 Port on a Laptop running 64 bit Windows 7 Home Premium from a 2.5" HDD, with an Intel Pentium CPU B940 @ 2.0GHz, and using 8GB RAM. Test Software CrystalDiskMark 3.0.2 x64

Power Strength Speed
