

SOPHISTICATION without compromising on sound quality. MASK2 speakers offer a combination of cute looks and great sound. These incredibly small top speakers are especially designed for use in small to medium sized rooms in residential as well as public buildings. With MASK2, APart offers sound quality that exceeds the market's standard for a surprisingly affordable budget.

MASK2 are designed to be used as top speakers, and should be used in combination with the matching APart subwoofers (SUMBLIME or SUBA165) to obtain a full range sound. They are ideal for use with home theatres, home Hi-Fi systems or to provide discrete quality music in public buildings like shops, lounge bars, beauty salons,.... Special brackets are supplied with the speakers, allowing them to be mounted under various angles in corners, or on solid surfaces such as walls or ceilings.

Whether it is the inviting atmosphere of a shop or lounge bar, the tension of a white knuckle movie through a home theatre, the refined drama of opera or the kick of your favorite rock album through a HiFi system, MASK2 will fit effortlessly into any interior style and surprise anyone with its sound quality !
