

Pronatur Orange Solvent

The High Performance, Versatile Cleaning Solvent Made with Oranges

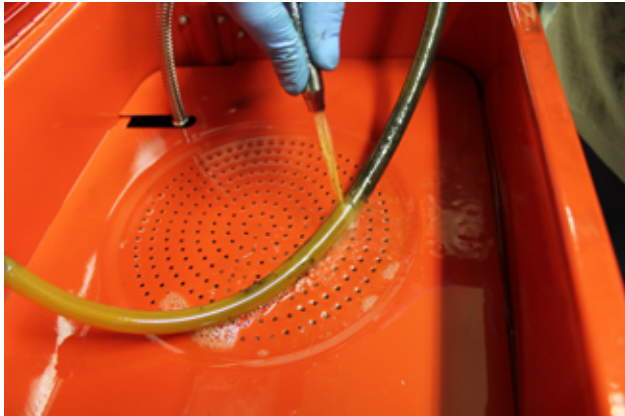

Pronatur Orange Solvent is a unique solvent cleaner and degreaser formulated from derivatives of orange oils and synthesised mineral oil. It replaces chlorinated, paraffinic and flammable solvents in most applications thus offering a safer alternative for effective degreasing.

Pronatur Orange Solvent is compatible with most commonly encountered substrates. It is completely safe on all metals, concrete, brick, stone, ceramics, glass, plastics, composites, acrylics, wood and painted surfaces. It will not detrimentally affect cured resins and is safe on most fabrics.

- Biodegradable
- Non Flammable
- Low Residue
- Contains no chlorinated solvents
- pH Neutral

Applications

- Removes :
 - Oils and Greases
 - Tar & Bitumen
 - Carbon Deposits
- Removes Semi Cured :
 - Adhesives
 - Sealants
 - Oils Based Paints
 - Printing Inks

Pronatur Orange Solvent can be used as a heavy duty cleaner and degreaser for removing mineral oil based problems such as tar, grease, carbon and bitumen. It will remove waxes, adhesives, semicured paint, varnish and oil-based inks.

Pronatur Orange Solvent is ideal for cleaning oil spills from hard surfaces, cleaning engines, tanks, electric motors and adhesive residue removal. **Pronatur Orange Solvent** can also be used in ultrasonic baths and parts washing equipment.

Typical Cleaning Solvent	Pronatur Orange Solvent
Typical flashpoint 55°C - flammable, requires flame symbol on label	Flashpoint >65°C, not classed as flammable, no flammable warning required
Commonly labelled as Harmful/Irritant.	Non toxic, non carcinogenic and contains no harmful ingredients
'Changed' solvent may be recycled and therefore not as effective	100% virgin product direct from manufacture
Unpleasant odour penetrates clothing and skin, may attack gloves.	Smell of oranges, safe for use on most materials. Will not degrade gloves
Limited degreasing power and short useful life	Highly effective degreasing solvent - long lasting and up to 90% re-usable

Product Code	Pack Size
SLO120	6x1L
SLO120T	6x1L (Trigger)
SLO128	4x5L
SLO130	12x500ml (Aerosol)
SLO132	25L
SLO136	200L
SLO140	1000L
WSO150	5x25 (Wipes)
