

Data Sheet
9-252 Spannfix Screw-on mounting vice

Part number 9-252

The small vice SPANNFIX with the types 9-205, 9-215 and 9-220 as well as the VARIO combinations 9-251, 9-252, 9-253, 9-254, 9-255, 9-256, 9-257 simplifies the operations in precision engineering, in laboratories, in mechanical and electronical workshops as well as in different medical areas.

Furthermore the SPANNFIX bases enable an exact and secure adjustment in all directions, e.g. of measuring instruments, of monitors and of observation cameras.

For these purposes the types 9-251, 9-261, 9-262 und 9-281 are available.

The high grade powder-coated aluminium casting and the surface-refined steel parts are the guarantee for a long life.

Article description SPANNFIX Screw-on mounting vice

Characteristics:

Practice tip to screw on the following bases
9-251, 9-261 und 9-281;
not usable in connection with 9-205, 9-215
and 9-220

Clamping pressure	1.470 N	
Clamping capacity	70 mm	
Clamping depth	38 mm	
Jaw width	50 mm	plastic jaws exchangeable Art.-No. 9-206-50

Weight 0.560 kg

Customs Tariff Number: 82057000

EAN Number: 4250838511353
