

6 ft Null Modem DB9 Female to Female Cable

Description:

These cables allow two DTE or DCE devices to communicate with no conflict in data transmission. The transmit and receive signals are crossed to ensure proper data flow. Each cable is designed with a rugged, over-molded construction that provides extra strain relief and a solid connection. Foil-shielded for protection against EMI/RFI interference caused by surrounding office equipment and florescent lights.

Specifications:

Cable Length - Metric : 1.8m
Connector Type A : D Sub 9 Position Receptacle
Connector Type B : D Sub 9 Position Receptacle
