Getting started

Thank you for purchasing the TI SimpleLink™ Multi-Standard SensorTag Development Kit

1 Download the SensorTag app from the Apple App Store or Google Play.
Download on the **App Store**

GET IT ON **Google play**

2 Pull the tab on the SensorTag battery to power on.

Battery tab → ↓ Pull

3 Within the app select your SensorTag from the device list, then select "Sensor View" to see the sensor's readings.

For more information about SensorTag, visit:
www.ti.com/sensortag

For technical support, visit the TI E2E™ community:
www.ti.com/lprf-forum

Congratulations on receiving your new CC2650SensorTag. This first version of the CC2650SensorTag is built on pre-RTM material. Though we do not anticipate any issues, please contact **SensorTag_Support@list.ti.com** if an issue arises.
