Ta SMD MnO₂ Evora Phase Out

Date: 01-11-2012	ID Number (MMDDYY): CCN-01112012CMC																
Affected Products	All KEMET Ta Surface Mount (SMD) Manganese Dioxide (MnO ₂) Series produced in Évora, Portugal:

Change	<p>On 1st November 2012 Kemet will begin the consolidation of manufacturing for all Tantalum surface mount devices with MnO₂ counter-electrode to existing KEMET manufacturing sites in Matamoros and Victoria, Mexico.</p> <p>This change impacts all Ta SMD MnO₂ products currently manufactured in KEMET's Evora Portugal facility.</p>																
Justification and Benefits	<p>The consolidation of the manufacturing process in Mexico locations will allow Kemet to optimize the resources (equipment and man-power) and provide a focal point for all requirements related to MnO₂ technology. This consolidation allows KEMET to take the best practices from all locations giving customers a better quality process/product.</p> <p>During the transition process Kemet will provide the necessary support for the change (re-qualification requirements, safety transition stock, ...)</p>																
Effective Date and Identification	The consolidation process starts 1 st November, 2012 with effective closing date of 31 st March, 2013.																
Contact	<p>Cristina Mota Caetano Ta BG Technical Product Marketing Director KEMET Electronics Corp (www.kemet.com) ph: +351 96 330 84 59 E-Mail: cristinacaetano@kemet.com</p>
