Comfortable And Secure Armband Holder for your XL Device

## Looking for a cost-effective but high-quality sport armband for your iPhone(tm) 6, and Galaxy(tm) S5?

The new **PH-ARM-BLK-X** builds on the design features of other vendor armband solutions while at the same time offering a very attractive price point coupled with features users need during sport and other activities.

Features like fabrication based on new, lightweight materials that are both water and mould resistant. A highly transparent plastic cover which allows accurate iPhone(tm) or Galaxy(tm) operation, unlike some other vendor solutions.

Not forgetting a secure compartment to keep your house keys and of course an adjustable, comfortable fit for different sized arms while at the same time offering a non-slip design - perfect for any marathon!

## specifications:

Designed for your iPhone(tm) 6, Galaxy(tm) S5\*

Lightweight design using sweat resistant fabrics

High transparent tactile screen window - splash-proof

Integral key carry slot while you work out

Adjustable armband fit with anti-slip feature

Stylish design - available in XL Black
