

A new hardware version (V2) was released in 2015 that requires a different Windows driver. Click the above Support tab to find old and new drivers and a file with instructions on how to determine which version you need.

Keyspan High-Speed 4-Port USB-to-DB9-Serial Adapter Hub

MODEL NUMBER: USA-49WG

Description

The USA-49WG Keyspan® High-Speed 4-Port USB-to-DB9-Serial Adapter Hub allows you to connect as many as four 9-pin serial devices to a computer or laptop with a USB Type-A port. An easy and inexpensive way to add serial ports to your computer without hassle, the USA-49WG works with any DB9 serial device. Configuring and sharing data among multiple modems, GPS devices, cellphones, hand-held scanners, point-of-sale systems, touch screens, medical and scientific instruments, industrial process control devices and UPS systems is a breeze.

The included 6-foot cable supports data transfer speeds up to 460 Kbps—four times as fast as a built-in serial port. Five LEDs display port status at a glance. The USA-49WG requires no external power. Windows line monitor and data trace software included. Works with Windows (up to 8.1) and Mac OS (up to 10.10).

Features

Operate 4 DB9 Serial Devices Simultaneously

- Connects to networking equipment, modems, GPS devices, cellphones, hand-held scanners, point-of-sale systems, touch screens, medical and scientific instruments, industrial process control devices, UPS systems and other devices with a 9-pin serial port
- Supports data transfer speeds up to 460 Kbps—4 times as fast as a built-in serial port

Easy to Set Up and Use

- No external power supply needed
- Includes detachable 6-ft. USB cable
- Can use with USB cable up to 16 ft. long
- 5 LEDs display port status at a glance

Highlights

- Connects up to four DB9 serial devices to a computer USB-A port
- Supports data transfer speeds up to 460 Kbps
- Detachable 6-foot USB cable included
- No external power source required
- Works with Windows (up to 8.1) and Mac OS (up to 10.10)

Applications

- This adapter is ideal for industrial and enterprise markets where there is a need to connect serial devices to a PC for process control, data collection, or point of sale applications. It is also ideal for connecting modems, fax modems, or terminals to a server.

System Requirements

- 32- or 64-bit Windows (up to 8.1) or Mac OS (up to 10.10)
- USB port

Package Includes

- USA-49WG Keyspan High-Speed 4-Port USB-to-DB9-Serial Adapter Hub
- USB cable, 6-ft. length
- CD with driver software and Owner's Manual

Compatible with Most Systems

- Works with Windows (up to 8.1) and Mac OS (up to 10.10)
- Includes Windows line monitor and data trace software
